

Dear Owners and Guests,

We have missed you and look forward to welcoming back our owners and guests!

Since our reopening date of June 12th, we have been able to open a few more amenities. The Resort will only reopen an amenity if we can do so in a responsible manner and address all the safety protocols required and the appropriate staffing to do so.

The Cove at Yarmouth Resort is taking this virus seriously and will do everything it can to ensure the safety of our staff, guests, their families, and the community. The Resort is following all local, state and government guidelines to keep our guests and employees safe. An inherent risk of exposure to COVID-19 exists in any public place where people are present. COVID-19 is an extremely contagious disease that can lead to severe illness and death. By visiting The Cove at Yarmouth Resort, you voluntarily assume all risks related to exposure of COVID-19. For these reasons, we ask and expect that all guests protect themselves by bringing and implementing any safety measures you feel you need and following all posted signs.

Please be advised that Massachusetts enacted a travel order that is effective as of August 1, 2020. For information on the travel order please visit: <https://www.mass.gov/info-details/covid-19-travel-order>.
